Re: 2009-8723

Dear Ms. Cummins,

In response to your October 4, 2010 request for record(s) from the Food and Drug Administration (FDA) pursuant to the Freedom of Information Act enclosed is the final response to your request for records from the Kansas City District Office.

- o Consumer Complaint 98535

As you will note, the enclosed records may contain certain personal information that is disclosable only to you. Copies of these records may be disclosed to other requesters only after thorough review and deletion of those portions that are not disclosable to the general public.

In addition, certain material has been deleted from the records furnished to you because a preliminary review of the records indicated that the deleted information is not required to be publicly disclosed and that disclosure is not appropriate. FDA has taken this approach to facilitate the process of responding to you. If you dispute FDA's preliminary determination and would like FDA to reconsider a particular deletion, please let us know in writing at the address listed below within 30 days from the date of this letter. If we do not receive a response in that time period, we will consider the matter closed. If you do request further consideration and if the agency then formally denies your request for any or all of the previously-withheld information, you would have the right to appeal that decision. Any letter of denial will explain how to make this appeal.

All communications concerning this request should be identified with the reference number above and addressed as follows:
